Connecting to Engineering Printers for MRL (Mac)

1. Click the **Apple logo** in the top left. Choose **System Preferences**, then **Print & Fax**.

2. Under the list of existing printers, click the **+** icon.
3. Hold Control and click on the Menu bar and choose **Customize Toolbar**.

![Customize Toolbar](image)

4. Drag the **Advanced icon** into the menu bar and click **Done**.

![Drag your favorite items into the toolbar](image)

5. Click on the **Advanced icon** and fill in the proper information:

   **Type:** Windows  
   **URL:** smb://engr-print-01.engr.illinois.edu/*Printer Name (see below)*  
   **Name:** *Printer Name*  
   **Location:** *Printer Location*

   Then click the option for **Print Using** and select the correct drivers for the printer.

The following printers are available to print to in MRLCFC Users:

<table>
<thead>
<tr>
<th>Printer Name</th>
<th>Room</th>
<th>Printer Model</th>
<th>Type</th>
<th>Availability</th>
</tr>
</thead>
<tbody>
<tr>
<td>mrl-264 cfclaser</td>
<td>MRL264</td>
<td>HP LaserJet 9050dn</td>
<td>B&amp;W(duplex)</td>
<td>9-5 M-F</td>
</tr>
<tr>
<td>mrl-264 color</td>
<td>MRL264</td>
<td>HP Color LaserJet CP6015x</td>
<td>Color(duplex)</td>
<td>9-5 M-F</td>
</tr>
<tr>
<td>mrl-208 printer</td>
<td>MRL208</td>
<td>HP LaserJet 8150dn</td>
<td>B&amp;W(duplex)</td>
<td>Available 24/7</td>
</tr>
<tr>
<td>esb-264 printer</td>
<td>ESB264</td>
<td>HP LaserJet 8150dn</td>
<td>B&amp;W(duplex)</td>
<td>Available 24/7</td>
</tr>
</tbody>
</table>
Finally, click **Add**.

6. Leave all values in the following screen at their defaults. Do not change them.

![Installable Options](image)

Click **Continue**.
7. Click on the **Open Print Queue** button.

8. From the **Printer menu** at the top of the screen, select **Print Test Page**.
9. When prompted for authentication, enter \texttt{uofi\netid} without quotes and then your AD password. Check the box for “Remember this password in my keychain” if you do not want to be prompted for credentials each time you print.
